Behave (12 Gauge)

Diamond Dixie

(Intro)
Oh hang on (laughs)

(1st Verse)
I drive a truck
I got an F-250
You say no you don't
But I say yes I do
You try your luck
All smooth and shifty
Got your best moves on
Well here's the word for you

(Chorus)
Better behave
Daddy got a 12 gauge
And a three-oh-eight he ain't afraid to use
Watch what you say,be careful what you do
Cause I got one,too
You better behave

(2nd Verse)
Boy you're movin' like I can't resist you
Like I'm 'bout to fall like all the girls you date
I might dance but I ain't gonna kiss you
'Til you listen up and put your hands away

(Chorus)
Better behave
Daddy got a 12 gauge
And a three-oh-eight he ain't afraid to use
Watch what you say,be careful what you do
Cause I got one,too
You better behave

(3rd Verse)
I'm just your everyday,born in the U.S.A.
Country girl next door
I don't need a boy always hittin' on me

And wantin' more and more and more and more,come on now

(Instrumental)

(Chorus)
Better behave
Daddy got a 12 gauge
And a three-oh-eight he ain't afraid to use
Watch what you say,be careful what you do
Cause I got one,too
You better behave

(Outro)
Boy you're real cute,you still gotta behave

(Instrumental)
