

# Fly (feat. Jay Brown)

## The Subs

There is a place where we belong  
Chase the magic  
Lock me in Blindfolded and tate  
Dissected for your sake  
You will live  
I will hide  
You the world  
I will fly  
Guns around, it's the right offspring  
Brush my loss  
Pierce my heart Dispose my skin  
Blindfolded and tate  
Dissected for you sake  
You will live  
I will hide  
You the world  
I will fly  
Chase the magic  
Lock me in  
You will live  
I will hide  
You the world  
I will fly There's a place where we belong  
Chase the magic  
Lock me in
