I could give you the sky and the light will guide you
Run in the wild that's where I'll find you
Open your mind to all that blinds you
Look for the story to unfold inside

I could give you the sky and the light will guide you
Run in the wild that's where I'll find you
Open your mind to all that blinds you...

I could give you the sky and the light will guide you
Run in the wild that's where I'll find you
Open your mind to all that blinds you
Look for the story to unfold inside

I could give you the sky and the light will guide you
Run in the wild that's where I'll find you
Open your mind to all that blinds you...

Inside, inside
Inside, inside
Inside, inside
Just take me inside, inside
Just take me inside
