

You Make It Easy

Brett Dennen

I've been down on love for so long
My bad luck seems to be gone Yeah something it happens
Every time you come around
You make me feel like dancing
So please stay around Hey baby come close to me
Lovin' you comes so naturally
Stay baby stay here with me
'Cause you make it easy Come see me Cinco De Mayo
Stay with me fourth of Ju Li Oh! We'll pick out adielias
You can wear them in your hair
We'll drink margaritas
And go dancing in the square Hey baby come close to me
Lovin' you comes so naturally
Stay baby stay here with me
'Cause you make it easy Yeah something happens
Every time I see you smile
You make me feel like dancing
So please stay a while Hey baby come close to me
Lovin' you comes so naturally
Stay baby stay here with me
'Cause you make it easy
Yeah you make it easy
Yeah you make it easy
