Ghost Town

Katie Melua

The thing that makes me feel the most down
Is the feelin? that I?m livin? in a ghost town
Barn door bangin? in my face
Like tumbleweed I?m rollin? ?round this place
I see you arrivin? at the station
But it?s only in my imagination
So I?m beggin? on my knees
Turn around and save me, baby, please
From this ghost town
I feel like givin? in
Since you left I?m livin? in
An old ghost town
Hey kid, I remember all the laughter
Especially when we woke the mornin? after
Why did you have to go away
Leavin? me to wander every day?
In this ghost town
I feel like givin? in
Since you left I?m livin? in
An old ghost town
We were born to ride
Side by side
We were always reachin? for the stars
And they can still be ours
If you free me from this ghost town
I feel like givin? in
Since you left I?m livin? in
An old ghost town
I feel like givin? in
Since you left I?m livin? in
An old ghost town
I?m livin? in an old ghost town
