# I Know You Well

## Face to Face

Try not to try
Try not to care
It's really easy once you learn
That no one is listeningTry not to give
Try not to help
You'll do much better for yourself
Because nothing else mattersI know you well by now
You're that good personDon't be afraid
Don't be naive
You think you're better than me
Well, you're sadly mistakenI know you well by now
You're that good personIt's all the same inside our minds
Everything is justified
What is wrong and what is right
Everything is justified
