

# Party All Day

## Lonestar

Summertime's here the days are getting longer  
That get outside feelings getting stronger  
Load up the boats and get 'em on the water and throw out a line  
Pull off your shirts and rub a little screen on  
Put on your shades it's time to get your tan on  
Pull out and pop the top on a cold one and have a good time  
I can taste those ribs and barbecue sauce  
No time like now for a little time off [Chorus:]  
That's how we roll that's how we rock  
We roll and rock and rock and roll the fun never stops  
I wanna party all day  
I don't wanna work, I just wanna play  
I wanna party all day  
Lay in the sun watch the blues blow away  
Head out to rock cove and hang at the sand bar  
pontoon and houseboats rockin' it real hard  
Jack on ice and shine in a glass jar  
Who needs a shot  
When the sun goes down will build us a bonfire  
Wont take long to find us a live wires  
Pull out guitars and start us beach chior yall sing a long  
Well crash where we land and Well all sleep in  
When noon comes up will do it again [Chorus:]  
That's how we roll that's how we rock  
We roll and rock and rock and roll the fun never stops  
I wanna party all day  
I don't wanna work I just wanna play  
I Wanna Party All Day  
Lay In The Sun Watch The Blues Blow Away  
All The Girls Got There Hands Up  
Dancing Round With Their Red Cups  
Shaking Those Tan Lines  
Just Might Make A Man Go Blind
