

# You are My Number One (w/Ranking Roger)

## Smash Mouth

Hold me down, I'm gonna fly straight to heaven  
Hold me down, don't ever let go  
I've been around, you know I can't stay forever  
And then I'll leave, I want you to know When I'm finally gone I'm gonna be gone without a trace  
There's a lot of good times ahead before we're done  
And on top of my list of things before I leave this place  
You are my number one You can tell me lies, you know that I'd still believe you  
Stay right here, don't move from that spot  
I can't go, you know I'm afraid to leave you  
Don't you know you're all that I got I'm afraid if I go you might disappear behind the mist  
And I'd rather be hung from a tree or shot by a gun  
And of all of these things that matter here upon my list  
You are my number one
