

Reasons

She Wants Revenge

She moves with me, her body's the answer
Taking her time, the saddest of dancers
Changing her mind, changing yours as days go by
She tastes so sweet but stays with you after
Takin' like thieves and leave a disaster
Make-believe love, it always comes and goes too fast
The love goes
Just as quickly as it came
Hey, hey, hey, hey
I'm actin' strange like I don't know myself
(What you say?)
You give me reasons
Hey, hey, hey
I guess the only way to go is down
(What you say?)
You give me reasons
Hey, hey, hey
She's losin' sleep but he don't deserve her
Everyone sees he'll only desert her
Prey upon on her guilt and prey upon her every fear
It cuts so deep and touches her inside
Shakin' like leaves, afraid it's the wrong time
Tell me you remember, tell me that it's not too late
The love goes
Just as quickly as it came
Hey, hey, hey, hey
I'm actin' strange like I don't know myself
(What you say?)

You give me reasons
Hey, hey, hey
I guess the only way to go is down
(What you say?)
You give me reasons
Hey, hey, hey
'Cause love won't come and go
Love won't come and go
Love won't come and go
Love won't come and go

Love won't come and go

Love won't come and go

Love won't come and go

Love

I'm actin' strange like I don't know myself

(What you say?)

You give me reasons

Hey, hey, hey

I guess the only way to go is down

(What you say?)

You give me reasons

Hey, hey, hey

I'm actin' strange like I don't know myself

(What you say?)

You give me reasons

Hey, hey, hey

I guess the only way to go is down

(What you say?)

You give me reasons

Hey, hey, hey
