On My Knees

Dover

I am very sorry
You can't do that
I've been skipping breakfast
No more of thatI wanted to stay for the rest
Of the morning
Waiting for us to be down
Finally gotten the lead in a movie
Promise tell you tonightI'm gonna go!
But your life is just begining
You don't have to have it all
If you ever feel like eating
Don't forget I'll keep your soulWhat's with all the candy?
You can't do that
Hope that now you're happy
Well not too muchI wanted to stay for the rest
Of the morning
Waiting for us to be down
Finally gotten the lead in a movie
Promise tell you tonightI'm gonna go!
But your life is just begining
You don't have to have it all
If you ever feel like eating
Don't forget I'll keep your soulWhy this comfort on my knees?
Don't you change it
Oh no! please!
You can take your little dress
It doesn't fit
At least not me!!I'm gonna go!
But your life is just begining
You don't have to have it all
If you ever feel like eating
Don't forget I'll keep your soul...Don't you worry
Just believe me!
I will always keep your soul
I will always keep your soul
