September (Alex Metric Remix)

St. Lucia

Hold me down
Let me drown
I don't want
To have any of itFlow my cloud
On the ground
I don't want
To have any of itWe could run all you want
We could talk
Like you never knew it
There was never anyone to talk to me
Like you ever knew itYou don't mind
You don't mind where you want it
And you could talk loud,
You could talk loud if you know you want itI just want you to remember
Before you get carried away
What happened just is September
You know you want it babyHold your head up
Reach for the sun.Reaching for the sun
Reaching for the sun you knowI just want you to remember
Before you get carried away
What happened just is SeptemberYeah, I just want you to remember
Before you get carried away
What happen just till September
You know you want it baby.
