

So Pray (Genuine)

Stacie Orrico

So pray if you love me
And I'll go pray
I'll pray that you're okay And I know that you've been watching watching me
And I know you are wondering why
Why it seems that I have been slippin'
Lately yet I say that I'm doing fine
If you really are concerned for me
Just know my mother taught me right from wrong
You see everything you need to know is right here in this song yeah So pray if you love me
And I'll go pray
I'll pray that you're okay And I see you when you're walking round
And your head is hanging down
I can tell that you've been crying lately
Cause your face is always wearing a frown
I can see you want to talk about it
But you don't know what to say
But I consider you a friend today
So I'll pray that God will make it okay So pray if you love me
And I'll go pray
I'll pray that you're okay Yeah, yeah, yeah
If there's something that you must know
If there's something that you must know
