

Cheaterlude

Dave Hollister

There's a cheat in this old building
And I know
I got to move, I got to move
I got to move
Said there's a cheat in this old building
And I know
I got to move
See what goes around comes on back around See now my mama tried to warn me
But I didn't no
Didn't want to listen, didn't want to listen
Didn't want to listen
See now my mama tried to warn me
But I didn't no
What she say
Said I won't let it happen again.
