Only You

Sarah Brightman

Only you
Have the power to move me
And together we'll make
The whole world move in sympathy
But I could not see before
Only you
(Just you)
Have the power to move me
(You got the power to move me)
Take me, hold me, mold me
Change me and improve me
It's not funny anymore
There was I
(There was I)
Wondering why
(I was wondering why)
Every day disappeared into the distance
Now with you
The light is shining through
You gave me life not just existence
Only you
(You are the starlight)
Have the power to move me
And together we'll make
The whole world move in sympathy
Only you
Have the power to move me
There was I
(There was I)
Wondering why
(Wondering why)
Every day disappeared into the distance
Now with you
The light is shining through
You gave me life not just existence
Only you
(Only you)
Have the power to move me
And together we'll make

The whole world move in sympathy
But I could not see before
(I couldn't see it before)
That only you
Have the power to move me
Take me, hold me, mold me
Change me and improve me
Only you
(Only you)
Have the power to move me
