You Never Know

[Jon Mclaughlin](#)

I meet you, and instantly do
Everything I can
Tell you might check the movie stars
You speak of with your friends
Now I'm not one for sure
Yeah I never make a scene
But sorely, I'm nothing like the way I am
Normally
Cause I know I could love you the most
If I were the one you chose
You wouldn't ever have to walk alone
And there is not a thing I wouldn't do
If I lived my life on you
Oh we could have everything you could
I'd know you
Never know what you have till it's gone
No you never know what you have
Yeah I would probably have the kind of love
That makes other couples blush
So we could make up words, make no sense
But whoa, they need so much
Now, you're the kind of girl
Who could have any guy
So if I have to, I don't have a problem

Waiting here in line
Cause I know I could love you the most
If I were the one you chose
You wouldn't ever have to walk alone
And there is not a thing I wouldn't do
If I lived my life on you
Oh we could have everything you could
I'd know you
You never know what you have till it's gone
No you never know what you have
You never know what you have till it's gone
No you never know what you have
Yeah I know I could love you the most
If I were the one you chose

You wouldn't ever have to walk alone
And there is not a thing I wouldn't do
If I lived my life on you
Oh we could have everything you could
I'd know you
Never know what you have till it's gone
No you never know what you have
You never know what you have till it's gone
No you never know what you have
You never know what you have till it's gone
