

Lovers In The Night

[Toto](#)

It's just the soul that matters and I don't know why
You know she's gonna make you cry, you know she's gonna make you cry
She'll have you walk beneath the ladder you were meant to climb
You know she's gonna make you try, you know she's gonna make you try Ooh, you know we're lovers in the
night
Ooh, you know we're lovers in the night It's just the soul that matters and keeps her satisfied
You know she's gonna make you cry, you know she's gonna make you cry
She'll have you wishin' that you had her, come rain or shine
You know she's gonna make you try, ooh
You know she's gonna make you high Ooh, you know we're lovers in the night
Ooh, you know we're lovers in the night It's just the soul that matters and keeps her satisfied
You know she's gonna make you cry, you know she's gonna make you cry
She'll have you wishin' that you had her come your way to shine
You know she's Ooh, you know we're lovers in the night
Ooh, you know we're lovers in the night
Ooh, you know we're lovers in the night
Ooh, you know we're lovers in the night
Ooh, you know we're lovers in the night
