

Never Enough

Jessy Lanza

Got a feeling, for you
Baby it's all I got, yeah
I wonder what it could do
Baby it's on the top It's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough for you
Baby you know I give it all, hey So down, so low
Known it all along, yeah yeah
You say that I'm fragile
Well, baby I don't feel like holding back It's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough for you
Baby you know I give it all, hey Baby
Baby
(I'm gonna bring you down)
Baby
Baby Say you like it, but you don't know
Give it a little time, yeah yeah
It's the same thing, yeah it's so so
I like you better when you don't do that It's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough
It's not enough
It's not enough

It's not enough
It's not enough for you
Baby you know I give it all, heyIt could mean
Talk about it
Baby, I [?]
(Doubt baby)
I make believe
All about it
So put me out, out, outGot a feeling, for you
Baby it's all I got, yeah
I wonder what it could do
Baby it's on the top, yeahIt's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough
It's not enough
It's not enough
It's not enough
It's not enough for you
Baby you know I give it all, hey
It's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough
It's not enough
It's not enough
It's not enough
It's not enough
It's never enough
Never enough
Never enough
Never enough
It's not enough
It's not enough
It's not enough
It's not enough
It's never enough

Never enough
Never enough
Never enough
It's not enough
It's not enough
It's not enough for you
Baby you know I give it all, hey
(Not enough, never enough)
