Keep It Movin'

Keke Palmer

Alright y'all
It's Keke P, huh I'm flappin'
We doin' it real big, uh huh
The wait is over, it's summertime
You feel the heat
Go on and wear your stunna shades
It's me, it's Big Meech
A couple young superstars
Me and Keke P
We got 'em movin'
From the beach to the street, ay
Woke up in the mornin? and I see the sunshine
Only got the summertime on my mind
My girls and I, we kick it all the time
Only got the summertime on my mind
We keep it movin'
We keep it movin'
We keep it movin'
Everybody know that school's out
No doubt, you know this one goes out
To all of my homies
It's what we've been waitin? for
It's 92 outside
Let's make our move
And get into a little something
Radio's blastin'
Let's make this happen
Homies and shawtys
Stand up, let?s get this party on
Let's do this now
Be young and proud
Show ?em how we hold it down
Get it, get it
312, yeah, they know how to juke it
212 and 310, about to twerk it
Get, get, get it, come on now, it's goin' down
Everybody feelin' just fine, summertime
Woke up in the mornin? and I see the sunshine
Only got the summertime on my mind

My girls and I, we kick it all the time
Only got the summertime on my mind
We keep it movin'
We keep it movin'
We keep it movin'
And 106th and Park gon? come on
And my favorite joint's on
It's a block party
So don't be afraid to lose control
It's all about you
Do what it do
Can't nobody tell us nothing
Well, I love hip hop music
Let's go ahead and do this
Homies and shawtys
Stand up, let?s get this party on
We doin? it now
Be young and proud
Let's go and show them how
We get it, get it
312, yeah, they know how to juke it
212 and 310, about to twerk it
Get, get, get it, come on now, it's goin' down
Everybody feelin' just fine, summertime
Woke up in the mornin? and I see the sunshine
Only got the summertime on my mind
My girls and I, we kick it all the time
Only got the summertime on my mind
We keep it movin'
We keep it movin'
We keep it movin'
Okay, it's summertime ?bout to party like a rock star
A couple months speedin? by like a hot car
?Cause time flies when you havin' fun
So hit the flow and try to find yourself a summer love
But me? I keep it movin? all 7 days of the week
I'm like Miami ?cause the boy always bring the heat
I got them big things poppin? like my name was TIP
Doin? tricks in the whip with Keke P and Million Dollar Kid
Woke up in the mornin? and I see the sunshine
Only got the summertime on my mind
My girls and I, we kick it all the time
Only got the summertime on my mind
We keep it movin'
We keep it movin'

We keep it movin'
