At Sea

Rumour Cubes

I Think there will be rain tonight
It's up there in the clouds that are forming
We must secours the rigging now
Before nightfalls the waves will be turningDid you feel the wind pick up ?
Without the sails we're safer 'til the morning
I wish there were another shipIt's lonely now the rain has started falling
I miss the friends we knew back home
I'm thinking of them now the storm is risingAt sea there's always tomorrow
There are ways to be free
We'll work it out
We'll work it out
