

Bal Shem Tov

Matisyahu

On a day when a man was born, up from one world to another
I don't know who you are, even when we face each other
When I wake up I know you're here this is everything that you've done
I've got nothing to fear cause the battle's already been won.

[Chorus: x2]This is the time of divine favor

Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam
Search heaven and the seven seas
The answer lies inside you
You know it won't come easy
You've got to find your own truth
When I returned to the lower garden
I saw many souls living and dead
Rushing back and forth

Descending from one world to the next
The joy was too great for ears to hear or for words to express
All will be forgiven for our stolen time & debts

Ask me to come with the
Cause of the glory of your contemplation
You've been given eyes to see
Looking for a prophet to accompany me
A long lost soul alone
Fly with my very own set of wings
I reached the highest heights
Knocking on the door of the king of kings

[Chorus: x2]This is the time of divine favor

Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam
Search heaven and the seven seas
The answer lies inside you
You know it won't come easy
You've got to find your own truth
It's your life to live
And I can't live it for you
It's your time to give
And I can't give it for you

It's your fear to lose
And I can't lose it for you
Death or life so choose
And I propose it for you
So Find your word of truth
You got to find your word of truth
It's your life to live
And I can't live it for you
It's your time to give
And I can't give it for you
[x2]Search heaven and the seven seas
The answer lies inside you
You know it won't come easy
You've got to find your own truth
