

Live By the Water

Madisen Ward And The Mama Bear

All I Need is a sip of Cherry Cola and Pie
When I die you're gonna know the reasons why
Live hard, breathe, I'd break a couple of bones
You cut that wire between you and your telephoneSingI...Oh, oh, oh, oh
I want to live by the waterYou don't need much more than a ocean view
Your sister agrees and your brother got the notion too.
I'm not fond, not a fan of all the focus on the finer things.
Cause I feel fine with the fortune that my ocean brings.Sing

I...

Oh, oh, oh, oh

I want to live by the water.And I sure do like your scarf and that's a fancy coat you got.
I can tell by the seams, it must have cost a lot.All i need is the scenery to welcome my eyes.

Lets all try philosphies that we can buy.

Set sail, grab a beer, crack it open call it liberty.

We'll live on the land and you better not forget my sea?I...

oh, oh, oh, oh

I want to live by the water.Sing it again

I...

I want to live

I want to live

oh, oh, oh, oh

I want to live by the water

And I sure do like your scarf and that's a fancy coat you got.

I can tell by the seams, it must have cost a lot.And I sure do like your scarf and that's a fancy coat you got.

But I can tell by the seams, it must have cost a lot.Do, do, do, do, do...

(whistling)Sing it again now.

Tell your friends now.

Everybody now.
