## Jodeci

Like whoa whoa Doin your thing like you be doin it girl  
Walking around like you been walking around girl  
Wearing it like you been wearing it girl  
Keep smiling and smiling keep smiling for me baby  
That's all I keep thinking of  
Every time you be looking over my way  
I be thinking you be looking at me, I be thinking you be staring at me  
I be thinking you be watching me, I be thinking you be clocking me  
Maybe not, maybe it's just, just my imagination  
Like running away, but it's running somewhere  
I'm taking you with me, baby can't you see  
I think you're so incredible [Chorus]  
Like whoa  
Like whoa  
so in cred i ble incredible  
Like whoa  
Like whoa  
You I gotta know  
Like whoa  
Like whoa  
so in cred i ble incredible Dreaming for you like I been dreaming for you  
Wanting like I been wanting wanting for you baby  
Scheming for you like I been scheming for you  
Hunting for you like I'm on a hunt for you baby, like whoa  
Hope I really catch up with you, I hope you come around the way  
I can't wait to tell all my friends  
About this incredible lady [Chorus]
