Omen

y comenta el tema.
I'm feeling something, something different When you left, the picture changed
I was blinded, I'm not envisioned
The same face in a different frameIt's an omen
Caught my baby crying
Saw the silver lining
It must be an omen
Needed you to show me
Without you I am lonelyMy mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears are an omenOh-oh-oh-oh
Oh-oh-oh-omen
Oh-oh-oh-oh
Oh-oh-oh-omenYou were waiting, I was vacant
You left before my eyes
Then it hit me, you're relocating
And I need you by my sideIt's an omen
Caught my baby crying
Saw the silver lining
It must be an omen
Needed you to show me
Without you I am lonelyMy mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears are an omenMy mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears are an omenOh-oh-oh-oh
Oh-oh-oh-omen
(Woah, now love)
Oh-oh-oh-oh
Oh-oh-oh-omen
(I didn't pay attention to the light in the dark)Oh-oh-oh-oh
Oh-oh-oh-omen
(But now I see your tears are an omen)
Oh-oh-oh-oh
Oh-oh-oh-omen
(Now I see your tears are an om-omen)

Oh-oh-oh-oh
Oh-oh-oh-omen
