Bring Me Everything

The City Drive

In this hotel
Television's on
Sound is down
And everybody's goneJust you and me
And I wish I could be
Far away
In another scene
(If only)Starry-eyed kid
Look at what you did
You drank too much
And you never could resistGive a weak smile
Lying on the tile
And I count up all the times I'veDied
I'm losing the sparkle in my
Eye
I just wanna sayStay with me
I will bring it back to you
Bring me everything
Get me on track
I will bring it back to youComing up fast
Faster than I can
It is work
In need of a planIf I move slow
The moon'll let me go
I know, yeah, I knowTry
Try as I might, I cannot
Find
Someone to sayStay with me
I will bring it back to you
Bring me everything
Get me on track
I will bring it back to youI'm done the run through
I will bring it back
To youI
Feel like I'm running out of time
Won't someone say?Stay with me
I will bring it back to you
Bring me everything
Get me on track

I will bring it back toAn American girl
Looking at the world
The way that I do
You're just like me
Stay with me
I will bring it back to you
