

Bass Player

Boudro

Bass player
All alone
Makes a sound
Most wouldn't call a symphony
As he plays
Thinks of a maid
Sad and shuffling
She sings
Blow me a kiss
Before I drown
In sorrow me a kiss
Before I drown
He saw her
By the moon
Dress in hand
Her hips were swaying
Melancholy tune
Broken buckles
Tired lips, ooh
She was singing
Blow me a kiss
Before I drown
In sorrow me a kiss
Before I drown
[Incomprehensible]She said I wanna be with the stars tonight
So I can fly above the earth
I wanna be with the stars tonight
So I can fly above
I wanna be with the stars tonight
So I can fly above in laundry
