

How Do You Leave The One You Love

Katherine Jenkins

We've been down this road before
I can't take it anymore
I have nothing left inside myself to give
Still every time I see your face
Iâ'm falling back into that place
Where everything feels to me like the first time

I want it to be possible
And Iâ'm hoping for a miracle
There has to be another way
I don't want to face the truth

How do you leave the one you love
How do you rise above it all
When do I find the strength to make it
Through tomorrow when you're gone
And what do I tell myself tonight
How can I ever make it right
How do you leave

Iâ'm so tired of being strong
Iâ'm so afraid of being wrong
But I don't want to live a lifetime with regrets
So I have to let you go
Walk away now even though
My heart is telling me it's a mistake

But can I ever set you free
You've been the very heart of me
There has to be another way
I don't wanna face the truth

How do you leave
