Giants In the Ocean

Sky Eats Airplane

giants in the oceanboundless water in an eternity frame of mind
and all thats lost is our time
peaks break through open sky that grasps for land belowmountains climb and topple on themselves.
steel breaks wave and sounds lull us to sleep
all things drift quietly awayforget your cell phone man, it won't work heremy cameras zoom - it captures all that might embrace it
unsteadied ice creates the wake in deeper places
oh darling I cant bare the thought of seperation
the years will pass and we'll forget just how this made usthere is substance in this silence
the proof of what surrounds us.
photographs are a mirror image
look deep and see yourself in them.seasickness, ancient forests, and water creatures
keep us from thinking about home
