Aint nobody here to kill the vibe

Just focus on meh,

And I will lead you on to fantasize.

And you realize that I like it when you.

While meh whine up on you
Drop yuh bumper and tell me yuh like it
When ah right up under you

Roll down, just drop it down

Verse 2

Gyal ah say baby

(Tired)
Yuh waist line hot fired
(Rock it down)
Push it back in the fire
(On de ground)
Number one no liar
(Hear de song)
Dis gyal could get me high up,
The way she climbing up to Mount Zion.
And have we feelin like we on fire.
Cuz we limin, when the lights go down.
(When the lights go down)
And we in between each others eyes.
No spoilers around
Aint nobody here to kill the vibe.
Just focus on meh,
And I will lead you on to fantasize.
And you realize that I like it when you.
