Â Â RAP VERSE (M.anifest)

Yeah,ebi like magic
I'm a mavel,not average
Now I'm lavish
See back in the day in class six
In my headphone I burn classics
Hamatan was drag I dey chopstick
Lunch money we use to take spread chicks
Small flex got complex
You need cash money to keep your baby fresh
But your baby left when the sugardaddy came
Now you vex and you dey cry for the rain
ohoo oh yawa
Tought you a lesson money is power
Money can afford you a three piece agbada
Money be the gab between Bens and Okada
If you job hard in comes the income
cus after income ofcourse the chicks come

Â Â CHORUS (EL)

Hallelujah haha e
And the money go dey flow o o o ooo(go dey flow)
We be singing hallelujah haha e
And charlie we go wele more kudi kudi,kudi kudi for me oo
But we go sing some hallelujah haha
And the money go dey flow o o o ooo (make e flow)
We be singing allelujah haha
And charlie we go dey wele money kudi kudi,kudi kudi for me oo
