

# One More Night

## Hitzone 63

One more night, one more night  
I've been trying, oh so long to let you know  
    Let you know how I feel  
And if I stumble, if I fall, just help me back  
    So I can make you see  
Please give me one more night  
    Give me one more night  
        One more night  
        'Cause I can't wait forever  
        Give me just one more night  
        Ooh, just one more night  
        Oh, one more night  
        'Cause I can't wait forever  
I've been sitting here so long, wasting time  
    Just staring at the phone  
And I was wondering should I call you  
Then I thought, maybe you're not alone  
    Please give me one more night  
    Give me just one more night  
        Oh, one more night  
        'Cause I can't wait forever  
    Please give me just one more night  
        Ooh, just one more night  
        Oh, one more night  
        'Cause I can't wait forever  
        Give me one more night  
        Give me just one more night  
        Ooh, one more night  
        'Cause I can't wait forever  
        Like a river to the sea  
        I will always be with you  
        And if you sail away  
            I will follow you  
        Give me one more night  
        Give me just one more night  
            Oh, one more night  
            I can't wait forever  
        I know there'll never be a time  
            You'll ever feel the same

And I know it's only words  
But if you change your mind  
    You know that I'll be here  
And maybe we both can learn  
    Give me just one more night  
    Give me just one more night  
    Ooh, one more night  
    'Cause I can't wait forever  
    Give me just one more night  
    Give me just one more night  
    Ooh, one more night  
    'Cause I can't wait forever
