Never Had a Reason

Silverwind

Never had a reason to doubt You Jesus
Never had a reason at all
Never had a reason to doubt You Jesus
You always answer me when I call

There were times my eyes were clouded
By storms that I've been through
I could not see Your purpose
But in my heart I knew

Never had a reason to doubt You Jesus
Never had a reason at all
Never had a reason to doubt You Jesus
You always answer me when I call

I'm tired of those old feelings
Talkin' in my ear
But I don't hear their whispers
When Your woice draws me near

Never had a reason to doubt You Jesus
Never had a reason at all
Never had a reason to doubt You Jesus
You always answer me when I call

So good-bye to confusion
Don't tag along with me
I've got lots of promises
And the truth to keep me free
