New Mercurial Heights

Catatonia

Those two lights are one,
With the brightest ever smile,
No way the way out,
And no resolutions.
One heady daze of fun,
Do you follow a child around?
It was easy,
It all came naturally.And oh,
It's no perfect day,
No-one could deny,
He left, stolen away,
I wish you could have seen it.To where have you been led,
By a beating ache in your head,
If you only came,
The world shines with you.A frenzied search for profit,
For a future you couldn't have,
You're tried and tired,
Leave and disappear.And oh,
It's no perfect day,
No-one could deny,
He left, stolen away,
I wish you could have seen it.Ah-ah, ba-ba-ba-ba-ba,
Ah-ah, ba-ba-da-da-da.
