

# Drivin' All Night

Jake Owen

There wasn't nothing as pretty in Panama City as you  
That's what I took away from that spring break that year  
And there wasn't no shortcut down to LSU  
But it wasn't like it was hard talking me into Drivin' all night, drivin' all night  
Drivin' like a bat outta hell  
Cheap motel's calling my name  
No way I'm stopping this Chevy  
Red Bull's keepin' my lead foot heavy  
1:00, 1:30, 2:00, 2:30, 3:00 am  
Steve Earle out, Tom Petty back in  
Bird dog working hard, giving them blue lights away hey  
Drivin' all night, drivin' all night, drivin' all night  
Just to hold you for a day You're a rumrunner kiss that I still get drunk on  
You're a text, you're a call that falls out of the blue  
You're a snapshot in my head and on my phone  
And you ain't gotta ask twice, I'm already gone  
Girl, I'm gone Drivin' all night, drivin' all night  
Drivin' like a bat outta hell  
Cheap motel's calling my name  
No way I'm stopping this Chevy  
Red Bull's keepin' my lead foot heavy  
1, 1:30, 2, 2:30, 3 am  
Steve Earle out, Tom Petty back in  
Bird dog working hard, giving them blue lights away hey  
Drivin' all night, drivin' all night, drivin' all night  
Just to hold you for a day You ain't never too out of the way  
All you gotta do is say the word and I'll get to you  
I keep rocking and rolling right on through  
1:00, 1:30, 2:00, 2:30, 3:00 am  
Tom Petty out, Steve Earle back in  
Bird dog working hard, giving them blue lights away hey  
Drivin' all night, drivin' all night, drivin' all night  
Just to hold you for a day You keep me drivin' all night  
Wasn't nothing as pretty in Panama City as you
