I know you're reaching for your time

What are you trying to decide?

You think that I can be your prey

But I'm the voices in you

Why don't you see it

Where you are

Why don't you see it

Just what you are

Her

Her

Her

Her

I know the rift is in your eye

What are you trying to defy?

Do go on

I see the way

Why don't you see it

Where you are

Why don't you see it

Just what you are
