## In England

## Fischer-Z

Colorful compartments Desert island views Elusive in England Forget the fabrications Give us all a clueHave faith in horizon Intercity interlude Jack and Jill rub thigh's And think it's rude Keeping close along the line Lovers losing sense of timeIn England Ooh that's nice, ooh paradiseMany manifestos Nailed up on the wall Out of the blue Only for youPrinted regulations Quick to disapprove Restrictions, restrictionsSkin and bones can't find a way The British blues today Underneath the surface laughter Voices quiver in the darkIn England Ooh that's nice, ooh paradise
