Passion Pit

Constant Conversations

I'll try anything once 'cause that's my choice
Ain't got time for jokin' getting straight to the point
Drive a hard, hard bargain you get closer to the bone
If you're thinkin' what I'm thinkin' you don't wanna be alone
I'm in heaven when I'm lovin' you
I'm in heaven tell you what we'll do
Down in the passion pit
Where everyone gets a hit
Down in the passion pit
Where everything seems to fit
You know the tough get goin' when the goin' gets tough
I'm looking for some lovin', I can't seem to get enough
Too much temptation it's drivin' me mad
Well you been good baby, I'll be bad
I'm in heaven when I'm lovin' you
I'm in heaven tell you what we'll do
Down in the passion pit
Where everyone gets a hit
Down in the passion pit
Where everyone gets a hit
I'm in heaven when I'm lovin' you
I'm in heaven tell you what we'll do
Down in the passion pit
Where everyone gets a hit
Down in the passion pit
Where everything seems to fit
Down in the passion pit
The passion pit
Down in the passion pit
Oh get a hit, get a hit
