

# Little Joe

## Ferlin Husky

Little Joe, run for the border  
Leave your home, leave your mother and father  
    Go to where the reptiles roam  
    On the side of the border that is your home  
        Little Joe, eyes of your lover  
        Look back on you as you run for cover  
        Though sticks and fire, sticks and fire  
        Won?t break your bones, it is a lie  
        Little Joe, just like your father  
    Your eyes will water, your guts will splatter  
    Though sticks and fire, sticks and fire  
    Won?t break your bones, it is a lie

Little Joe, run for the border  
Leave your home, leave your mother and father  
    Go to where the reptiles roam  
    They?re waiting for you, little Joe  
        Little Joe, run for the border  
    Leave your home, leave your mother and father  
        Go to where the reptiles roam  
    On the side of the border that is your home  
        Little Joe, just like your father  
    Your eyes will water, your guts will splatter  
        Though sticks and fire  
    Won?t break your bones, it is a lie
