Roll On (blacksmith Rub)

Mis-teeq

Yo, Mis-Teeq
Here we go with the one Blacksmith
Aye, oh and away we go
You're gonna get your roll on
Here we go again, all, all, all night long
Enter, check, check
It's been a long week and we've been
Working our booties off
Sometimes it all gets to you
And it's just too much
Gonna hook us up a potion
Guaranteed to bring some fun
With good friends, with some music
Head out to the club and roll on
It's Friday and you just got paid
And Monday is a holiday
You know you need to get away
So grab your boo and get your roll on
Let me hear my fellas say
But let me hear my ladies say
So turn your speakers up and roll on
Here we go another night
Out on the town, we gettin' down
Havin' fun, stayin' young
The whole entourage has arrived
Here on the scene you know what I mean
When I say this world is mine
Just sit back and ride
So turn your speakers up and roll on
It's Friday and you just got paid
And Monday is a holiday
You know you need to get away
So grab your boo and get your roll on
Let me hear my fellas say
But let me hear my ladies say
So turn your speakers up and roll on
Roll on, roll, roll on, roll on, roll on
So grab your boo and get your roll on
Roll on, roll, roll on, roll on, roll on

So turn your speakers up
Let's take it to the flow
What are you waitin' for?
The party's jumpin', now
We're gonna show you how
We like it, we like it
We really, really like it
So turn your speakers up and roll on
It's Friday and you just got paid
And Monday is a holiday
You know you need to get away
So grab your boo and get your roll on
Let me hear my fellas say
But let me hear my ladies say
So turn you speakers up
Yo, yo
So here we go again with Mis-Teeq's flow
What are you waiting for, the crowd say "Bo!"
Feel the vibe within your mind, within your soul
Move your body, body ready to roll
And I said, Monday to Friday the work takes its toll
Here comes the weekend 'cos we make mad dough
Another dolla let me holler, let me grow
'Cos in life what you reaps, what you sow
And roll on
It's Friday and you just got paid
And Monday is a holiday
You know you need to get away
So grab your boo and get your roll on
Let me hear my fellas say
But let me hear my ladies say
So turn your speakers up and roll on
It's Friday and you just got paid
And Monday is a holiday
You know you need to get away
So grab your boo and get your roll on
Let me hear my fellas say
But let me hear my ladies say
So turn your speakers up and roll on
Roll on, roll, roll on, roll on, roll on
So grab your boo and get your roll on
Roll on, roll, roll on, roll on, roll on
So turn your speakers up and roll on
Blacksmith, Mis-Teeq
I'll make a make you move your feet
