Circles

Enchant

Round and round and round we go
And where we stop, nobody knows
The ocean of life, it ebbs and flows
And so the story goes...I need a new direction
I need a fast way out of here
I need a course correctionCircles... they lead me nowhere
Circles... I'm going nowhereBack and forth and back again
Sometimes you lose, sometimes you win
Where you go and where you've been
All ends where you begin...I need a new intention
I need to find a higher gear
I need an intervention
Circles... they lead me nowhere
Circles... I'm going nowhereLike a dog chasing his tail
Like a snake eating itself
Like a rat stuck in a cage
Like a blind man reading a page
Like a tree trying to leave
Like a dead man straining to breathe
Like a mute man having no say
The sun always sets at the end of the dayA spherical object, a perfect shape
An infinite prison no one escapes
A change of direction can't change your fate
The sum you can't equateI need a new invention
I need someone else to steer
I need some comprehension
Circles... they lead me nowhere
Circles... I'm going nowhere
Circles... they lead me nowhere
Circles... I'm going nowhere
