

Co-Dependent

Adema

Most people don't care
Some people just stare
There's so much pressure that my life will feed us
Don't need a reason
I will get even
This is the season where I feel so manic You hurt yourself and blame me when you fall
Co-Dependent
You have lost control and crashed into a wall
Co-Dependent
You're Co-Dependent I am a bad seed
It fills my own needs
I never was scared to take my chances
I see the temple
'Cause I'm not social
I've got my own life and you can't stand it You hurt yourself and blame me when you fall
Co-Dependent
You have lost control and crashed into a wall
Co-Dependent
Life has found a way where karma slaps you in the face
Co-Dependent
You depend on me for everything
You're Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent
Co-Dependent
You're Co-Dependent You hurt yourself and blame me when you fall
Co-Dependent
Life has found a way where karma slaps you in the face
Co-Dependent
You depend on me for everything
You're Co-Dependent
You're Co-Dependent

You're Co-Dependent
You're Co-Dependent
You're Co-Dependent
You're Co-Dependent
You're Co-Dependent
