

# Leopard Eyes

## This Frontier Needs Heroes

I can hear the whippoorwill  
Who is gonna pay my bills?  
Do I know what I am doing?  
Or am I headed for my ruin? Leopard Eyes they are crying  
Do you think that I am lying?  
All caught up in emotion  
Who is going to drink my potion? A Black Bear somewhere in the forest  
Blackberries they are lost  
I think its time that I go forage  
Cause I am sick of eating porridge Leopard Eyes they are smiling  
Do you think that I am lying?  
All caught up in emotion  
Who is going to drink my potion? A somber halo surrounds the moon  
Does this sympathize our doom?  
All caught up in Paranoia  
I don't really need to bore you. Leopard Eyes they are crying  
Do you think that I am lying?  
All caught up in emotion  
Who is going to drink my potion?
