

# When I Say Your Name

## Jump5

Oh, yeah, oh, the way you love me  
It's been changing me, oh yeah  
And now I know you are all I need, oh  
You're everything that's right here in my life When I say your name  
You know my heart feels lighter  
No matter what I'm goin' through  
When I say your name  
You know the world gets brighter  
That's what your love can do Oh, oh yeah, oh, your love With all I have  
My heart, my soul, my mind, oh yeah  
I'll love you back until the end of time, oh  
Now and forever more, I will be yours When I say your name  
You know my heart feels lighter  
No matter what I'm goin' through  
When I say your name  
You know the world gets brighter  
That's what your love can do Oh, you opened up my heart  
And walked right in, yeah When I say your name  
You know my heart feels lighter  
No matter what I'm goin' through  
When I say your name  
You know the world gets brighter  
That's what your love can do When I say your name  
You know my heart feels lighter  
No matter what I'm goin' through  
When I say your name  
You know the world gets brighter  
That's what your love can do Oh, oh yeah, oh, your love  
Oh, oh yeah, oh, your love  
Oh, oh yeah, oh, your love
