

How Do You Do It

Empress Of

Like a nail in the wood
Built this house from nothing
Now I stand where I've stood
Welling up, it's something
I feel great, I feel good
Well, about time coming
I forgot that I could let someone fulfill me
How do you do it?
How, how do you do it?
How do you do it?
How, how do you do it?
How do you do it?
How, how do you do it?
How do you do it?
How, how
Do, you do it?
Like this? Like that?
Oh, how, when you do it
When you drive me mad
Oh, how do you do it?
Like this? Like that
Oh, how, when you do it
When you drive me mad
All my dreams take on ship when you whisper my name
When your eyes tell my eyes you've been wanting the same thing
To let go of your touch would be too much for me
Let the [?] take in [?] when you hold my body
How do you do it?
How do you do it?
How, how do you do it?
How do you do it?
How, how do you do it?
How do you do it?
How, how do you do it?
How do you do it?
How, how
Do, you do it?
Like this? Like that?
Oh, how, when you do it
When you drive me mad
Oh, how do you do it?

Like this? Like that
Oh, how, when you do it
When you drive me mad
