Don't You Let Me Down

Peter Criss

Baby, don't you let me down
(Don't you let me down)
Don't you leave me lonely
(Don't you leave me lonely)
Don't you run aroundI said baby
(Baby)
When I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther downYou know I'm feelin' sorry
But I know that won't do
Looks like there's no tomorrow
There's no tomorrow without youBaby
(Baby)
Don't you let me down
(Don't you let me down)
Don't you leave me lonely
(Don't you leave me lonely)
Or run aroundI said baby
(Baby)
When I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther downRemember when you smile so bright
Raise my heart up to my throat
Sure took hard times to drag me down
So darlin' brighten up all of my hopesBaby
(Baby)
When I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther down
Try to keep my chin up, feel I'm fallin' farther downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, downFallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
