Fall In Line

Blue Rodeo

I don't know where it all began
I only know what I was told
Now rumours fly in from everywhere
People got so coldI don't mind
I'll stand anywhere with you anytime
Oh when the night is fallingConversation just wastes your time
Oh I'll fall in line
I'll fall in linePeople make up the wildest things
I know that sometimes they're true
But you don't have to hide a thing from me
I've had my troubles tooI've got time
To keep walking beside you forever
Girl I don't mindWhen the streets are empty
Oh and you're feeling lost and left behindI'll fall in line
I'll fall in lineI've seen the shadows coming over you
When some fool drags you down
You know they're watching everything you do
Don't let it turn you aroundWalk on by
Don't let the world of suggestion catch your eye
Oh when the night is falling girl and you need
Someone to hide behindOh I'll fall in line
I'll fall in line
I'll fall in line
