

If I Walk Away

Josh Groban

Lately, I've been the quiet one
Waiting searching the lines of songs you played for me.
Sailing into the misty air,
Fading bound for I don't know where,
When I'm there I'll see.

And if I walk away
Please follow me,
If I walk away,
Please follow me.

Weightless drifting through stars I got
Faithless woke in the dark and I made this from my dream.
Play me all your sweet rhymes
Recreate me, now comes the time when I'll need your truth to see.

So I if I walk away,
Please follow me,
If I walk away,
Please follow me.

Walk away
Let the fear fall away.
Into the fire you made
Scarlet and gold
Walk away
Head for the light of day
Follow a brighter day,
Out of the cold and dark.
Down to the one bright spark
Futures that all might start
Someday

So if I walk away
Please follow me,
If I walk away,
Please follow me.

Fragments shells of a long ago lifetime
Faces that once were mine

Thrown down by the sea

So if I walk away,
Please follow me,
If I walk away,
Please follow me.
