

# Seize the day (live)

## Avenged Sevenfold

Seize the day or die regretting the time you lost  
It's empty and cold without you here, too many people to ache over  
I see my vision burn, I feel my memories  
fade with time  
But I'm too young to worry  
These streets we travel on  
Will undergo our same lost past  
I found you here, now please just stay for a while  
I can move on with you around  
I hand you my mortal life, but will it be forever?  
I'd do anything for a smile  
Holding you 'til our time is done  
We both know the day will come  
But I don't want to leave you  
I see my vision burn  
I feel my memories fade with time  
But I'm too young to worry  
A melody, a memory, or just one picture  
Seize the day or die regretting the time you lost  
It's empty and cold without you here, too many people to ache over  
Newborn life replacing all of us  
Changing this fable we live in  
No longer needed here so where do we go?  
Will you take a journey tonight, follow me past the walls of death?  
But girl, what if there is no eternal life?  
I see my vision burn  
I feel my memories fade with time  
But I'm too young to worry  
A melody, a memory, or just one picture  
Seize the day or die regretting the time you lost  
It's empty and cold without you here, too many people to ache over  
Trials in life, questions of us existing here  
Don't wanna die alone without you here  
Please tell me what we have is real  
So, what if I never hold you, yeah  
Or kiss your lips again?  
Woah, so I never want to leave you  
And the memories of us to see I beg don't leave me  
Seize the day or die regretting the time you lost  
It's empty and cold without you here, too many people to ache over  
Trials in life, questions of us existing here  
Don't wanna die alone without you here  
Please tell me what we have is real  
Silence you lost me, no chance for one more day  
Silence you lost me, no chance for one more day [then continues in the background]  
I stand here alone  
Falling away from you, no chance to get back home  
I stand here alone  
Falling away from you, no chance to get back home
