

# What About Now (OST Keith)

## Daughtry

Shadows fill an empty heart  
As love is fading, from all the things that we are  
Are not saying, can we see beyond the scars  
And make it to the dawn? Change the colors of the sky  
And open up to, the ways you made me feel alive  
The ways I loved you  
For all the things that never died  
To make it through the night, love will find you What about now? What about today?  
What if you're making me all that I was meant to be?  
What if our love never went away?  
What if it's lost behind words we could never find?  
Baby, before it's too late, what about now? The sun is breaking in your eyes  
To start a new day  
This broken heart can still survive  
With a touch of your grace  
Shadows fade into the light  
I am by your side, where love will find you What about now? What about today?  
What if you're making me all that I was meant to be?  
What if our love never went away?  
What if it's lost behind words we could never find?  
Baby, before it's too late, what about now? Now that we're here  
Now that we've come this far, just hold on  
There is nothing to fear  
For I am right beside you  
For all my life, I am yours What about now? What about today?  
What if you're making me all that I was meant to be?  
What if our love had never went away?  
What if it's lost behind words we could never find? What about now? What about today?  
What if you're making me all that I was meant to be?  
What if our love had never went away?  
What if it's lost behind words we could never find?  
Baby, before it's too late  
Baby, before it's too late  
Baby, before it's too late, what about now?
