Won't you be my dictionary?

Won't you translate fun?

Into something necessary

Inter uni sun

Won't you be my dictionary?

Can't I be very necessary?

Inter uni fun

Comes back

Satellites they mix you up and

Hypnotise you with the sound

Reproducing would fuck you up and

Make you forget what you found

Won't you be my dictionary?

Can't I be very necessary?

Inter uni fun

Comes back

Inter uni fun

Comes back

Inter uni fun

Comes back
