

Sweet Pandemonium

[HIM](#)

Today, tomorrow seems so far away
And the wait in vain, yeah So safe in the blinding light of love unchained
In yesterday's grave, yeah The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium Afraid that everything remains unchanged
In this fragile dream, yeah Ashamed of the shattered remains
Of promises made, yeah The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium Drained by the anger and grief
Fazed by the envy and greed
The secret cries for a release
The lucidity hidden deep in sweet pandemonium The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
